

## **Educational Philosophy Statement**

I am a self-motivated, enthusiastic educator with a passion for and a commitment to advancing learner's knowledge and overall development. I am accomplished in designing challenging, enriching, standards based, and innovative activities that tackle the varied interests, needs, and desires of learners. I possess exceptional communication skills, but always look to improve upon them. I utilize a teaching style which differentiates instruction to the highest degree in attempt to maximize learner engagement and provide the learner the opportunity to exhibit their strengths. I will strive to highlight the relevance of class material to the world beyond the classroom, so learners understand the impact their education will have on their future. I also have a strong belief in being an energetic team member who effectively engages with all levels of staff members and establishes quality relationships with learners while providing them with 21<sup>st</sup> century skills.
